LUXURY CHAISE LOUNGES

TECHNICAL SPECIFICATIONS

## FEATURES AND BENEFITS

### LUXURY UPHOLSTERY

Exchangeable covers, no staples or glue needed. Ease of installation as your crew can put them once all lounges are placed. Easy numbering identification (reflective thread)

### NO-SAG SPRINGS

to reinforce lumbar support and bearing capacity.

### ATTIC STOCK

2% critical components for on-site inventory

### NO MORE EMPTY FRONT ROWS

An INORCA innovation to make front row seating more appealing to your moviegoers

### REMOVABLE CUSHIONS

For an easy access in cleaning and maintenance purposes

### FLAMMABILITY

Compliance with California Technical Bulletin 117 (TB 117) and Crib 5 on some upholstery references

## ACCESSORIES

### NUMBERING AND LETTERING

By seat or by row, plastic, lightened or embroidered, for convenient theater room mapping

### FIXED OR SWIVEL TABLES

Full sized to maximize concession sales

### SPECIAL EMBROIDERY PATTERNS

A unique look for your luxury recliners

### FOLDING ARMS

For an easier access

### REGULABLE HEATING SYSTEM

Increases comfort and provide a chilly ambience at the touch of a button

### ELECTRIC BACKREST

To have different seating postures. A more upright position for Dine-in Theatres and a relaxed back to have an optimized sight line at the front row

## ACCESSORIES

## TECHNICAL SPECIFICATIONS

### STRUCTURE

- Structural frame made of high quality CR round steel tubing, 18 gauge, of 1" (25mm) diameter for the back, and 3/4" (19mm) for the seat.
- No-Sag springs to reinforce lumbar support and bearing capacity of the cushion.
- Panels made of CR rectangular steel tubing, 16 gauge, of 1/2" x 1" (12 x 25mm) and reinforced with internal metal plates made of 11 gauge HR steel
- Plastic platforms

### RECLINING MECHANISM

- Electrically driven by means of an adjustable envelope motor.
- Includes one source for every two sofas.
- Manual mechanism option (without motors)

### BACKREST AND SEAT

- Backrest and seat molded in cold-injected polyurethane foam, and upholstered in vinyl.
