

TITANIKA

LUXURY RECLINERS

TECHNICAL SPECIFICATIONS

FEATURES AND BENEFITS

LUXURY UPHOLSTERY

Exchangeable covers, no staples or glue needed. Ease of installation as your crew can put them once all recliners are placed. Easy numbering identification (reflective thread)

NO-SAG SPRINGS

to reinforce lumbar support and bearing capacity.

ATTIC STOCK

2% critical components for on-site inventory

FLAMMABILITY

Compliance with California Technical Bulletin 117 (TB 117) and Crib 5 on some upholstery references

MULTI-CONNECTION SYSTEM

Allows you to connect up to 10 sofas from an electrical outlet

RECLINING MECHANISM

For back and leg extension (with electric actuator)

ACCESSIBILITY

2% of seats that comply with the ADA standard

ADJUSTABLE STROKE MOTORS

58" 60" 62" 64" 66" allows for optimization of sightline, according to the position of each row in the theater room vs the screen.

REMOVABLE CUSHIONS

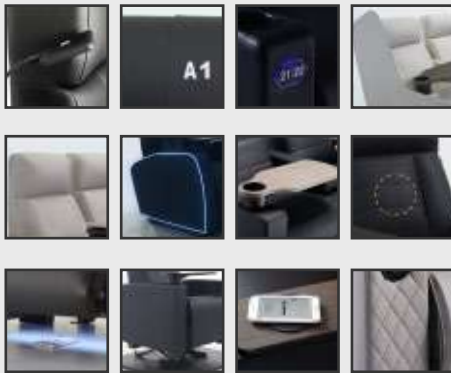

For an easy access in cleaning and maintenance purposes

METALLIC STRUCTURE

Internal architecture made of 100% high grade steel

ACCESSORIES

ACCESSORIES

NUMBERING AND LETTERING

By seat or by row, plastic, lightened or embroidered, for convenient theater room mapping

FIXED OR SWIVEL TABLES

Wide range of swivel tables with integrated cupholders. Full sized to maximize concession sales

LIGHTING ALTERNATIVES FOR MENU READING

Ideal for dining cinemas, no additional cabling or power required.

ELEVATION SYSTEM PATENT PENDING

Designing for giving +12" of clearance in order to fast and easy cleaning in and below the seats. Can be activated with recliner handset or with our Mass Open Close System, to facilitate cleaning underneath recliners

PRIVACY PANELS

With partial or total coverage, an excellent option for premium venues, providing your moviegoers with a private space, upgrading their experience.

DYNAMIC PRIVACY PANELS PATENT PENDING

Allows users to selectively deploy panels between recliners. Groups of patrons of any number can choose to have additional privacy.

CHARGING PORT / WIRELESS CHARGER

Providing your moviegoers the opportunity to charge their cell phones and stay connected.

REGULABLE HEATING SYSTEM

Increases comfort and provide a chilly ambience at the touch of a button

SPECIAL EMBROIDERY PATTERNS

A unique look for your luxury recliners

MASS OPEN CLOSE SYSTEM

Allows for efficient work of cleaning staff by collectively controlling recliners in a theater room

BACKUP BATTERY

To ensure the operation of electrical components in the event of power failures in the complex

DBOX

Realistic, haptic and immersive entertainment experiences.

TECHNICAL SPECIFICATIONS
